

OPUS™ POWER AMPLIFIER

COMMANDING PERFORMANCE UNLEASHED

Combining contemporary design with exceptional audio performance, this amplifier features a thick aluminium front panel, precision-machined iconic logo, and elegant silver detailing, creating a sophisticated statement in any system. Beneath its refined exterior lies advanced circuitry and proprietary technology that deliver powerful, dynamic, and engaging sound.

From treasured vinyl records to high-resolution digital sources, it reveals music with remarkable clarity, energy, and realism. Crafted from premium materials and engineered for lasting performance, it offers outstanding value for both newcomers and experienced audiophiles, bringing greater enjoyment and emotional connection to every listening experience.
